Welcome to 20582 Seahawk Landing in beautiful Gatling Point South in Quaint Smithfield Virginia. You are going to love the elegant features and stunning water views of this majestic Russ Hohmann built custom home. You will notice quality finishes and attention to detail throughout.

As you enter the two story foyer a turned hardwood staircase is in front of you. A private office is to the right and is set off by doors and has a beautiful window. The formal areas also with hardwood are to the left. The living room has nice wall space for furniture and is offset to the dining room by tapered columns. The dining room is plenty big to fit the whole family during holiday gatherings, has a nice wall for a china cabinet and windows with a water view.

Any serious cook will enjoy the gourmet kitchen. It has granite counter tops, a center island with gas cook top and downdraft system, wall ovens, tremendous cabinet storage and a generous pantry.

The large breakfast nook has a nice water view and has the exit door to the multilevel deck. The kitchen is open to the family room across the back of the home. The family room has a wall of windows which allow lots of natural light and the gas log fireplace is surrounded by built in cabinets and shelves.

A rear staircase goes off the family room and leads to the upstairs hall and flex space. This area could be used as a childrens retreat, game room, home theater or hobby space.
